

**LISTING OF THE CLAIMS**

1. (previously amended) An isolated polynucleotide comprising at least 17 contiguous nucleotides from the 26-nucleotide sequence of SEQ ID NO: 1 or SEQ ID NO: 2.
2. (previously amended) The isolated polynucleotide according to claim 1 comprising at least 18 contiguous nucleotides from the 26-nucleotide sequence of SEQ ID NO: 1 or SEQ ID NO: 2.
3. (previously amended) The isolated polynucleotide according to claim 1 comprising at least 20 contiguous nucleotides from the 26-nucleotide sequence of SEQ ID NO: 1 or SEQ ID NO: 2.
4. (previously amended) The isolated polynucleotide according to claim 1 comprising the sequence of SEQ ID NO: 1 or SEQ ID NO: 2.
- 5.-8.(canceled)
9. (previously amended) The isolated polynucleotide according to claim 1 comprising the sequence of SEQ ID NO: 21.
10. (previously amended) An insect resistant plant comprising a VIP3A protein and a polynucleotide according to claim 1.
11. (previously amended) The plant according to claim 10 which is a cotton plant.
- 12.(original) An insecticidal cotton plant according to claim 11 which is derived from the COT102 event.
- 13.-29. (canceled)
